ABOUT

To become a successful professional and stay abreast of the changing trends in the industry, benefiting both myself and the organization.

I have extensive experience with expert-level knowledge of hand-coded HTML, CSS, Bootstrap, Tailwind CSS, JavaScript, jQuery, and React JS. My hands-on approach allows me to develop highly efficient, scalable, and responsive web applications that are optimized for performance and usability. I excel in transforming complex design specifications into clean, maintainable code,

WORK EXPERIENCE /2024 – PRESENT

THAAGAM FOUNDATION – CHENNAI
WEB DEVELOPER

"I joined Thaagam Foundation, a multinational non-governmental organization, in September 2023 as a web developer. In this role, I work with HTML, CSS,boostrap, JavaScript, and jQuery to handle front-end development. I also oversee the daily operations of the organization, while actively contributing to web development projects. My responsibilities include creating and updating various modules on the Thaagam Foundation website (www.thaagam.org)."
